Album title: Grieve the night

The *XØNØRØUZ* music collective presents *Grieve the Night*, a new album from composer Simeon Lumgair. This atmospheric work features the unforgettable soaring vocals of Cat Lane and the rich mesmerising tones of Christhe Vreugdenhil on lead violin. Haunting melancholy lyrics set to ethereal electro-orchestral soundscapes unveil stories of ambiguous intensity and vulnerability.

Simeon is composer and multi-instrumentalist based in London. He is the founder of *XØNØRØUZ*, the phonic collective that brings together haunting vocals with chasing melodies and epic instrumentals. He began touring with the five-piece rock band *The Finline*.

Simeon's music was also featured on the Origins Audocs Volume One Compilation with a track entitled '*Beyond The World*'. The song '*Be Still*' features on the album '*Panic Later - Audocs, Volume. 2*'

Grieve the Night is available for immediate release for Media Broadcast and can be sent *on request*. Also available on streaming platforms from October 2020.
